ONE NEW RETAIL LICENSE IS GRANTED BY JUDGE M'ILVAINE

Charles G. Simon of Charleroi Given Right to Sell Liquor at Black Diamond

CHARLEROI LICENSE INTACT

Thirty-one retail liquor dealers were granted licenses, eight breweries and five distilleries by Judge J. A. McIlvaine in handing down his decision on the question of county liquor licenses at 10 o'clock this morning. In the list of liquor licenses one new retailer is permitted to sell this being Charles G. Simon of Charleroi, who is given a license at Black Diamond. Charleroi licenses remain intact at the seven hotels. Harry B. Hayden is refused a wholesale license at Monongahela. In the list of breweries granted licenses the Washington brewery is included.

At Finleyville the court changes things about a bit. James Hayden is refused a license and John J. Zwick's application is granted. At Donora there is a transfer of license granted from C. F. Cardon to W. B. Risbeck and the other licenses there remain the same as last year. In East Bethlehem township there are no changes, Frank Zwick and James A. Madigan being granted licenses.

At Monongahela Peter Lazzari and Rose Lazzari were refused licenses and the Monongahela list remained as last year. The one addition in that vicinity was that of Simon at Black Diamond. McDonald and New Eagle licenses remain the same. At Roscoe both William Coulson and A. H. Furlong were looked upon with favor. The two Stockdale applicants Cornelius O'Shea and W. E. Bruce were refused. Peter N. Miller received the grant of a license formerly held by James A. Provins at West Brownsville.

In refusing Harry B. Hayden a license as wholesaler at Monongahela Judge McIlvaine said his reasons were that necessity had not been established. No reason was given for granting the Washington brewery a license.

Following a statement from a church brotherhood of Washington, Judge McIlvaine stated petitions were not so seriously considered by a license court judge since the judiciary has not authority of legislation. He considers a judge has no right to grant all or refuse all licenses. He said license could never be removed until the people were ready for it.

Judge McIlvaine recalled the time, in 1888, when he and Judge Brown, of Warren were the only jurists in Pennsylvania who took the advanced stand on the question of necessity. He told of the time when the question of license in Washington came up. A few men signed the remonstrances, and the other names on the lists were those of women. He said Washington was denied license from purely a conscientous standpoint, and that the years have shown him the wisdom of the decision.

MISSION TO BE HELD AT ST. MARY'S EPISCOPAL CHURCH

Rev. Thomas B. Barlow of Homestead to Conduct Services at Local Denomination.

Beginning on Sunday evening, February 13 at 7:30 and continuing through Sunday, Feb. 20, there will be a mission held in St. Mary's Episcopal church, conducted by Rev. Thomas B. Barlow, rector of St. Matthew's church in Homestead. A series of missions throughout the United States has been ordered by the church and this is one of the many now being held. These missions differ from the usual mission in being called preaching missions, there being a brief sermon followed by instruction, instead of only the latter. There services will be very informal, with congregational singing and not at all the usual evening services. The object of the missions will be first of all to revive the people of the church and to instruct them and also to welcome any who are not churchmen to attend and be benefitted and revived and instructed. The mission will be entirely in the hands of the missioner, the rector not to be present at all and so the success and attendance depends upon the people of the church in assisting the missioner. The mission will be for all and a general invitation has been extended.

MINE OPERATORS NOT FOR ADVANCE

Tell Miners in Conference at Mobile, Ala., They Cannot Meet Demand

CONFERENCE NOW UNDER WAY

Operators from the central competitive bituminous coal fields, embracing Western Pennsylvania, Ohio, Indiana and Illinois, told the mineworkers in a joint wage conference at Mobile, Ala., Tuesday that the mine owners were not sharing in the wave of prosperity now prevailing and for that reason they could not see their way clear to grant the increase in wages, asked by the men, nor to accede to the other demands of the United Mine Workers of America.

Instead of making any concessions whatever the operators offered to renew the wage scales now in effect in the four states when they expire on March 31.

There was general discussion among the miners and operators on present business conditions. John P. White, international president of the United Mine Workers, presented the demands of the men.

The offer of the mine owners to renew the present wage agreement will be formally rejected by the miners. The various demands will then be taken up one by one in joint conferences which will be held daily behind closed doors.

THOMPSON INDICTED AND IS GIVING BOND

The federal grand jury Tuesday found a true bill on the indictment against Josiah V. Thompson, former president of the First National bank of Uniontown, which was closed a little over a year ago by the comptroller of the currency. The charges are false certification of checks, making false entries, making false reports to the comptroller of the currency and perjury.

Shortly after the grand jury retired for the noon recess District Attorney Humes filed a formal motion for the issue of a bench warrant for the arrest of Thompson.

"Is it necessary?" asked Judge Orr.

"It is customary on such indictments," replied the district attorney, "so that the accused may be brought into court and the amount of bail determined."

"Well," replied Judge Orr, "we will take your motion and will determine it after I have disposed of another matter in chambers."

Later Judge Orr announced that unless Thompson appeared in court within the next 24 hours and gives bail the amount of which shall be determined by court a bench warrant will be issued. This Mr. Thompson decided to do.

One blanket indictment was returned embracing 17 counts.

THREE SERIOUSLY HURT IN WRECK AT HICKORY

Passenger Train Rams Headon Into Freight Train While Slowing Down For Stop at Station—Trainmen Rushed to Hospital.

Three men were seriously and 20 other persons slightly injured in a wreck which occurred at 6 o'clock Tuesday evening at Hickory when an inbound passenger train ran headon into a freight going in the opposite direction. All the seriously injured are members of the crews of the two trains. No cause has been given for the wreck other than that the freight started to pull out of the station before the passenger train was able to run on the siding.

The Seriously Injured.

WILLIAM ARMSTRONG, engineer on the passenger train; right leg and arm broken and bad cut on side of head.

UNKNOWN MAN, fireman on freight; ankle broken and one arm badly bruised. He also was cut on the head.

M. ORIAM, brakeman on passenger train; hurt internally, crushed about body and ribs fractured.

Raymond Henderson, C. Matters, William Moore and Ralph Retzer all of Hickory were slightly injured.

The wreck ocurred about 20 rods down the track from the station in a small cut. The two engines partially telescoped and were badly damaged. The lighting system in the smoking car of the passenger train exploded at the instant of the wreck and set fire to the car. The flames rapidly ate their way through the cars and before they could be checked had destroyed two coaches. The last coach on the passenger train was saved by being uncoupled and pushed out of the way.

At thetime of the accident the passenger train had slowed down to stop at the station and the majority of the passengers had risen in order to get off. When the crash came they were thrown into one end of the car. It was in this manner that the greater number of them were bruised and cut.

The three injured trainmen were rushed to the West Penn hospital in Pittsburg as soon as possible. The track was torn up for some distance and traffic was tied up for several hours.

SANITY COMMISSION FOR ROSCOE WOMAN

Investigation to be Made of Mental Condition of Mrs. Roberts, Who it Is Said Gave Her Husband Rat Poison.

When pleaders were called before Judge Robert W. Irwin this week Mrs. Mary Jane Roberts of Roscoe, who created such a sensation in her home town recently when her husband, Henry Roberts made information against her, charging her with attempting to poison him with intent to commit murder, appeared. District Attorney L. W. Baum stated that the woman did not deny the charge of administering rat poison to her husband and he stated that she seemed to be deficient mentally.

Her brother and sister from Elizabeth had appeared and asked to have her paroled in their custody. The district attorney had Dr. D. H. Lewis, the jail physician examine Mrs. Roberts and Dr. Lewis reported that he believed the woman to be deficient mentally and he believed that she should be committed to some institution other than an insane asylum for treatment. He recommended the County home. The court appointed Dr. D. H. Lewis, R. E. Burnside and Gaylord K. Lewis as a committee to inquire into her sanity after which the court will make an order.

Mrs. Roberts is the mother of 12 children, nine of whom are living. The district attorney stated that since he had been poisoned the husband had been visiting his wife frequently.

The commission on lunacy met in the jail immediately after court and after making a careful inquiry into all of the facts and a studious investigation of the mental and physical condition of the woman they found she is insane and recommended that she be committed to the county home.

EXTRAORDINARY VAUDEVILLE--PALACE TONIGHT DON'T FAIL TO ATTEND

TRAVEL DIFFICULT OR EASY ACCORDING TO POINT OF VIEW

Icy Streets Cause Considerable Consternation Among Hill Residents

MANY FALLS; NOBODY HURT

Traveling down street this morning was comparatively easy, providing it was done without thought of gracefulness. Records were broken for icy sidewalks and streets, as hill district residents learned to their sorrow after they ventured out on their way down town. Schools located on the hill with pupils from the sections down town experienced some trouble in getting classes properly started as a direct result of the icy streets and several stores found themselves minus their usual number of storegirls.

The rain and slight snow of Tuesday night freezing as it fell left a glare of ice that was about like glass, and about as hazardous to walk upon. The result was inumerable tumbles by the unwary. So far as is known, nobody was hurt.

Teams which attempted to climb streets to the hill district early this morning had the time of their lives, and automobiles which were found upon the streets were having rather a painful time getting along. One big car stuck on Fifth street just below Fallowfield avenue and experienced the hardest kind of time getting out owing to its sliding propensities on the icy street.

Fortunately there were no fire or riot calls from the hill this morning. Had there been there would have had to be some scheming to get the fire fighters or the police up the the hill, two school teachers took full Evidencing what it meant to climb theh ill, two school teachers took full 45 minutes to make the ascent.

The weather man predicts cloudy weather for today, which is correct and snow, which isn't correct. This morning's temperature was 34 degrees. Tuesday morning's temperature was six degrees above zero.

CHRISTIAN ENDEAVOR RALLY TO BE HELD BY THE DISTRICT

Washington Avenue Presbyterian Church to be Scene of Important Meeting Thursday

A rally of the Christian Endeavor societies of this district is being planned for Thursday evening at the Washington Avenue Presbyterian church. The meeting will be in keeping with the anniversary of the Christian Endeovor which is being held this week all over the world. The society has now over four million members and is noted for the aggressive campaign work which it carries on. The societies of Donora, Bentleyville and Ellsworth together with the local societies will take part in the program. John H. Clutter and his local workers comprising a committee are busy planning to make the rally a success.

MURDER CHARGE AGAINST WOMAN

Mrs. Lillian Roupe of Washington Now in Jail Formally Held by Grand Jury

CALIFORNIAN IS ACCUSED

Mrs. Lillian Roupe, of Washington, now in jail charged with murder, was Tuesday afternoon indicted by the grand jury for the crime with which she stands charged. She must answer for the death of her husband, William Roupe, who it is alleged, she shot at her home in Canton township, just outside the borough limits, on the night of December 31. He died after lingering between life and death on January 12.

Edward Bourgunign, held for the murder of August Paille, at Bulger on January 4, and Peter Dolitz, held as an accessory after the fact for this crime, were both indicted.

Petio Tucci, who has never been apprehended, was indicted for the murder of Joseph Mangini, at Midway, on December 12,1915.

On Monday a true bill was found against Louis Compani of California, charged with the murder of Giovanni Geota, and against Edward Lockhart charged with the murder of a negro at Donora.

"LES MISERABLES" BOOKED FOR PRESENTATION AT THE COYLE

"Les Miserables" one of the greatest motion picture plays ever made, adapted from the Victor Hugo masterpiece, has been booked for presentation at the Coyle theatre next Monday. The drama is one of the highest class and is frankly announced by the producers as "A literary elevation to the motion picture industry." It takes nine reels of continuous action to produce the wonderful Hugo narrative. Elsewhere where the picturized production has had remarkably long runs it has won the highest commendation. The advance notices show "Les Miserables" to be a $100,000 production. Thus, it is one of the most elaborately presented dramas ever offered to the moving picture loving public. Manager Coyle will present "Les Miserables" at his usual prices.

A LOOK-IN FOR THE PUBLIC

Some queer things have been happening in the last year or two part of them no doubt traceable in a measure to the world war as well as contemporaneous with it. One of the features of the world conflict has been the desire of those engaged for the good opinion of others. Kings have broken through the divinity that hedges them long enough to give interviews; war lords have given their versions of the trouble and shown a human curiosity as to how the other fellow felt about it; mighty statesmen have joined with ordinary folks and damned the censor, says the Pittsburg Dispatch.

Just now there are threatening in this country two big industrial conflicts, the extent of which it would be difficult to forecast, but which would cause pretty serious trouble. And the very first thing the parties to the dispute do is not to hand out ultimatums to the other side, but to lay their cases before the people of the country and by inference ask the judgment of the people on the merits of the controversy. It is not so many years ago since the strike of the anthracite miners caused a situation so serious that the whole country was roused and a President felt it necessary to intervene. It may be recalled that neither side gave much, if any, thought to the fact that a not inconsiderable element of the public was affected. In more recent dispte involving more or less widespread transportation systems there has been evidenced a disposition to consider the people generally as not at all a party at interest; not so much as in the anthracite case of course because of different governing conditions.

But now all that is changed. Wholly unmindful of the attitude some of their leaders assumed in the past, the anthracite men today come forward with a detailed statement of the case presenting the demands of their employes and their answer therto. The railroads are doing the same. The railroad employes, it is announced, are preparing to do likewise. The good-will of the public is being sought by all. It is all rather surprising to the public after what it has had to put with so many years, but nevertheless the surprise is a pleasant one. If it be that the plan which threatens to grow into a custom, originated abroad because of the war, it must be accepted as one bit of imported goods whose value there will be no disputing.

JUST A SHOW

There are in Philadelphia a few political disturbers who upon every occasion attempt to stir up party discord and disturb the party harmony. These chaps have been sending throughout the state exaggerated reports of their political importance, with assurances of what they could and would do with the party leadership of Senator Penrose. These disturbers have pretended to have with them and behind them the state administration and the administration in Philadelphia.

Senator Penrose nor any of his supporters has not disputed the claims of the disturbers, but on Friday night last these self same disturbers attempted to elect a member of their faction to a vacancy on the Philadelphia campaign committee and they were beaten to a frazzle. They made a campaign of enormous proportions. They attempted to drag the state administration into their fight. They appealed for help to the city administration but they were finaly overwhelmed by the voters and their candidate was beaten by a large majority.

The politicians who are unable to control the campaign committee of their own city will not be able to make much of an appeal to the Republican voters as state leaders. The voters are heartily weary of factional strife in the Republican party. Naturally they want peace if they have to fight for it, but they have little or no patience with those who are ambitious to be state leaders before they are able to control their own city campaign committee.

PUBLICITY

Many officers of the law prefer to move in a mysterious way their wonders to perform, says the Uniontown Herald, pointedly and truthfully. They object to preliminary publicity for fear their plans will miscarry. When a crime is committed they prefer to shroud the identity of the criminal in mystery and to prevent any publicity whatever. They fear publishing the facts may hamper them in their work. In this they are very much mistaken.

The criminal knows what has been done. He knows that officers are on his trail. Information as to the identity of the criminal, his probable course, his description and other pertinent facts put the public on guard and constitute it first aid to the officers engaged in the case. Frequently such publicity unravels a deep mystery and results in the capture of a criminal who at large is a menace to every one.

The arrest of Harold S. Severy in Schenectady unravels the mystery of the "silent assassin" of Albany. Several persons were shot as they passed along the street. Four were seriously wounded. In no case was there any conceivable motive. The victims did not hear the report of the weapon and one of them reached home before he learned that a bullet had been sent into his body.

Much was made of the story by the newspapers. The probable means of committing the crime without detection through the use of a silencer was discussed. A boarding house keeper read the stories. She had noticed one of her lodgers had acted suspiciously. She informed the police. They searched his room and found a pistol in his trunk. It was fitted with a silencer. He was arrested and confessed. It develops that he is insane. He might have shot scores more without detection but for the publicity which his exploits had been given.

The arrest of the Greensburg jail breakers falls under the same category. Every paper in the district carried stories and descriptions of the escaped convicts. Every one was on the lookout for them. In consequence, it was only a few days until all had been rounded up and returned to prison. But for the aid of the papers this would have taken very much longer and been a great deal more expensive not to mention the ever present danger when such desperate characters are at large.

In assailing itinerant merchandising by irresponsible persons on the streets, the Charleroi Business Men's Association is governed by a truly patriotic impulse and a motive in which selfishness has no part. Fakirs as a class are extremely detrimental to a community. They bring nothing in and take out whatever they can get. Their license fees do not cover their ills, and afford small satisfaction to the victims upon whom they have unloaded their valueless wares. The dollars taken from town by the faking element is that much less to be spent in town for actual necessities. A pair of spectacles which one cannot use or a tin watch without works are mighty poor substitutes for bread and butter or a pair of stockings for the children. Those who patronize the itinerants the most and suffer the worst are those least able to afford the luxury. It is to be earnestly hoped that the ordinance to be presented to council is made a stiff one and that it really does prohibit the harmful activities of fakirdom.

So after all in spite of repeated assurances to the contrary, the bituminous regions are to experience a coal miners' strike. This is the latest prediction and a prediction that may hold true. Usually the scheme of things is for the miners to prepare wage scale demands. They present them to the operators for adjustment. The operators decline to grant the increase and the miners go on strike. After a certain length of time—the psychological moment when miners are noticing a shortage of funds and the operators a shortage of coal supply—settlement will be effected through some increase on a new scale and all will be serene for another two years. Probably this will be the way things go this year. The Canadian plan would be better of having the wage scales fixed by a commission without interrupting progress or development. Strikes are too disastrous to all concerned and should be prevented.

What remains there to be done in a case like that resulting in the death Sunday of a Russian at Monessen? Precisely where is justice to step in to avenge the man's death? What was the cause and on whom should be placed the blame? These are quite natural questions that crowd into the investigation of any crime of similar proportions—if indeed crime it is. Prevention is a problem. Foreign peoples demand their intoxicants and make use of them to the extreme. Unable to govern their primeval impulses they then go out to fight and die. Consequently the governing of these impulses is up plainly to the American people. Education promises to be the solution, education with considerable prohibition. These quick-tempered foreigners must be taught to count their tens before they attempt any rash act and to think of consequences. And upon their appetites must be placed some sort of stop that they do not fire themselves unto criminality or death.

A New York state physician who proposes to eliminate quacks, those dangerous blood-thirsty leeches of the medical profession and to establish all physicians on the safe side of an assuredly good income, presents a rather amazing compulsory sickness insurance plan. He suggests that each wage earner earning $1,200 or less a year pay a tax of $2 a year, the aggregate fund to be devoted to the payment of physicians. The physicians naturally would be expected to keep these wage earners well, and they would receive approximately $4,000 per year for their trouble. That is a fine plan—a beautiful plan for the phsicians. To the wage-earners, already suffering from pocketbook diseases, the announcement will not be so heartily received. With most plans this one has something to commend it, of course, but we fear the dear old doctor who advanced it was thinking an appreciably lot about himself and his brother doctors and little about the common run of folk. If the well are to be taxed for the sick, we should think a far better plan would be for the state to attend to it without constituting a general hit-or-miss fund for every doctor in the nation, whether deserving or not.

Get the *new* flavor and *new* satisfaction the *blending* of choice Turkish and choice Domestic tobaccos provides in Camel Cigarettes. You'll prefer that *blend* to either kind smoked straight! Prove this to yourself by comparing Camels with *any* cigarette at *any* price!

Smoke Camels to your heart's content because they are freed from tongue-bite and throat-parch; because they leave no unpleasant cigaretty after-taste. Quality is so apparent in each puff, smokers do not look for or expect premiums or coupons.

That *new* mellow-mildness, that *new* "body" puts an entirely *new* idea of cigarette satisfaction into your mind!

The stamp placed over end seals the package, which keeps out air thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated the stamp easily breaks without tearing the tin foil, which folds back into its place.

Camel Cigarettes

Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for $1.00. We strongly recommend this carton for the home or office supply or when you travel.

Age No Bar

Everybody in Charleroi is Eligible.

Old people stooped with suffering,
Middle age, courageously fighting,
Youth protesting impatiently,
Children, unable to explain;
All in misery from their kidneys.
Perhaps a little backache first.
Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for weak kidneys.

Are endorsed by thousands.

Here's a Charleroi testimony.

Mrs. W. McBride, 705 Crest Ave., Charleroi, says: "One of the family was in misery from dull pains in the back. Doan's Kidney Pills were used and they brought great benefit. Later there was a return of the old trouble and less than one box of Doan's Kidney Pills, procured from Piper Bros'. Drug Store, removed the pain in the back and there has been no suffering since. We think there is nothing equal to Doan's Kidney Pills."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McBride recommends. Foster Milburn Co., Props., Buffalo, N. Y.

RAY-DESANDERS MATCH ATTRACTING ATTENTION

Pittsburgers, Who Are Title Aspirants in Featherweight Class to Furnish Main Go at the Charleroi Rink Saturday.

What promises to be truly the biggest boxing show ever arranged at Charleroi by the Charleroi Boxing club will be staged the coming Saturday when Johnny Ray, the featherweight champion of Western Pennsylvania and an active aspirant for greater honors will box Dick DeSanders, a hard-hitting Lawrenceville chap. This mill will constitute the main event of the show which will start at 9 o'clock.

Ray is a favorite with Charleroi fight fans, due to his great work in the ring here as well as elsewhere. His last appearance here was with Mat Gorman of Pittsburg whom he defeated. Lately Ray has returned from St. Paul, where he won honors in the ring. DeSanders is not by any means unknown. He made his appearance here recently in a main event with a valley fighter and took away a victory. He is known as one of the hardest hitting pugs in the western end of the state.

In the semi final of the Saturday melee, an unknown will be introduced here in the person of Al Clark of New Rochelle, N. Y., who is a main event lad willing to fight a semi final to get a local start. He will face Jimmy Gray, a coming McKeesport boxer.

Following a local custom Monongahela valley boys will be depended upon to furnish the preliminary excitement. Joe Larue who knocked out Johnny Todd of Donora at the last show will meet Dad Cópsic a Donora lad of considerable ability who recently added Bart McGinns of Roscoe to his list of victims. In the first event, Young Nichols of Brownsville and Kit Fetti of Charleroi will box.

ASLEEP TO OPPORTUNITIES; TOO MANY WAKEN TOO LATE

Such is Statement of Pastor-Evangelist in Sermon at the First Baptist Church.

That we are asleep to the opportunities and that too many of us waken too late, was the assertion of Rev. Walter M. Corll, pastor-evangelist at the First Baptist church Wednesday evening. Rev. Corll preached to a good sized audience, in which there were five denominations represented. He took his lesson from a Biblical story of disciples who were found sleeping when there was work to be done.

Rev. Corll will remain three days longer and perhaps will be induced to stay over Sunday for services all day.

REV. NOBLE PREACHES ON THEME OF "COOPERATION"

Good-Sized Audience Present at First Presbyterian Church For Service Tuesday Evening.

In spite of inclement weather an enthusiastic congregation assembled at the First Presbyterian church Tuesday evening to hear Rev. S. H. Noble deliver the second of his series of sermons. The song services began at 7:45. After scripture reading and prayer, the evangelist introduced his sermon on "We Are Co-Laborers With God," with the words: "The man who goes through college or high school or grammar school knows what he has gained, but the man who does not go through school never knows what he has lost. Rev. Noble sought to establish in his sermon the fact that the church is a labor organization, that we are saved for service, that God never saves a man who does not promise to serve, that the man who does not labor is losing and will never know what he has lost and that since Adam's time no man has ever been saved except through somebody else. "But," said the evangelist, "no good will be accomplished with the doctrine of Christianity without the Christ of Christianity, for humanity and divinity work best together. The congregation was challenged to signify their pledge to co-operate with God in winning souls by rising to their feet and the challenge was promptly accepted.

The subject of tonight's sermon will be "Salt."

PREMATURE OLD AGE

Says Dr. Arnold Lorand, of the Carlsbad Baths, Austria, "is due to our own negligence," and to avoid such a fate he recommends a light diet, proper bathing, eight hours sleep, and "don't worry."

For run-down, weakened conditions our local druggists, Piper's Drug Store have a wonderful non-secret preparation composed of the three oldest tonics known, iron for the properties of cod livers and the nourishing properties of beef peptone, all combined in Vinol which they guarantee to build up and strengthen weak and feeble old people and of all run-down conditions.

"A PAGE WITH A PUNCH" GAZETTE TIMES FEATURE

To drive home a truth without preaching, to nail down a fact without teaching, is to have achieved something worth while. The preachment that isn't "preachy," the lesson that isn't "teachy," are the kind that reach the destination for which they were prepared. When a sermon or a lesson is made so interesting that the person indifferent to learning delights in it and seeks for more of the same, then it is certain that results are going to be attained. All of which is true of Herbert Kaufman the most forceful editorial writer of America, who prepares a page every week for the Sunday Gazette Times. This page is a notable addition to the many splendid features that distinguish the great Pittsburg newspaper. It affords new hope to parents, for though it can be conveyed to sons and daughters not keen for progress, stimulation and inspiration that make for advancement in education and industry. We shall see great results from the Herbert Kaufman page in the Sunday Gazette Times for it is delightful reading.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.
